

Chroma-Q™ Cascade Colour Changer

Mix Over 300 Colours From a Single Unit

With over 50,000 colour changers from the Chroma-Q™ range sold to date, it's no wonder they have an industry proven reputation for performance and reliability.

Combined with a choice of models to fit most fixtures and new advanced features, the range offers outstanding value.

With a colour palette of over 300 colours and suitable for fixtures with up to 50 degree beam angles without light loss, the innovative Chroma-Q Cascade™ colour changer offers exceptional flexibility. Supplied complete with special gel strings, two control modes are available to offer either 100 pre-defined "Library" colours or full CMY colour mixing "Creative" mode. The innovative universal mounting system is incorporated ensuring the compact and lightweight unit is easy to use. Requires additional power supply.
